MDT Switch Actuator AKK

## TECHNOLOGIES

MDT Switch Actuator 1/2-fold, flush mounted

| Version |  |  |
| :--- | :--- | :--- |
| AKK-01UP.03 | Switch Actuator 1-fold | Flush mounted, 230 V AC, 16 A |
| AKK-02UP.03 | Switch Actuator 2-fold | Flush mounted, 230 V AC, 10 A |

The MDT Switch Actuator AKK receives KNX/EIB telegrams and switches up to 2 independent electrical loads. Each output uses relay (AKK-01UP.03: bistable relais, AKK-02UP.03: monostable relais). The outputs are set individually via ETS. The device provides extensive functions like logical operation, status response, block functions, central function, delay functions and staircase lighting function. Additionally the device provides several time and scene control.

If the bus voltage fails, all outputs hold their current position. After bus voltage failure or recovery the relay position is selected in dependence on the settings (AKK-01UP.03).

If the mains voltage fails, all outputs were switched off. After mains voltage recovery the relay position will be restored. After bus voltage recovery the relay position is selected in dependence on the settings (AKK-02UP.03).

The MDT Switch Actuator AKK is available as flush mounted installation device for fixed installation in dry rooms.
For project design and commissioning of the MDT Switch Actuator AKK it is recommended to use the ETS.

## AKK-01UP. 03

AKK-02UP. 03

- Production in Germany, certified according to ISO 9001
- Function extension
- NO and NC contact operation
- Time functions (switch-on/switch-off delay)
- Extensive staircase light and impulse functions
- Status response (active/passive) for each channel
- Logical linking of binary data
- Extended scene functions for each channel
- Central switching functions and block functions
- Adjustable behavior in case of bus voltage failure (AKK-01UP. 01 only)
- Adjustable behavior in case of bus voltage return
- Flush mounted in an installation box
- Dimensions (W x H x D): $41 \mathrm{~mm} \times 41 \mathrm{~mm} \times 22 \mathrm{~mm}$
- Quick application download (long frame support for ETS 5)
- Integrated bus coupling unit
- 3 years warranty
